

## About The New Foundation

The New Foundation (TNF) is a non-profit organization dedicated to helping children and families overcome the devastation caused by abuse, neglect, addiction and mental illness.

Since 1970, TNF has provided therapeutic intervention services to more than 350 children per year through residential treatment, in-home family support, outpatient treatment, educational and community based therapy programs, and we rely on community support to accomplish all of this.

Today, many families are feeling the pressures of an uncertain economy and youth are faced with unprecedented social pressures; situations such as these can often lead to crisis in the home requiring therapeutic interventions and other support. That is where The New Foundation can help and why we are asking for your help today.

### Play Golf and Help Children and Families in Crisis...

Your support will help us ensure that at-risk children and their families receive the help they need to build healthy new foundations of well being for life.

Thank you for your support.
